

2-3-4 pole terminal block

Molded SMC (fiberglass) insulating base. M8 bolt terminals in AISI 304 stainless steel with a $\varnothing 4$ socket for measuring pins.

Applications

For potential measurement on pipes for instantaneous and recorded measurements with or without a reference electrode.

TYPES MPE/PP2 - MPE/PP3 - complete with sliding copper parallel jumper.

TYPE MPE/PP4 - complete with two sliding copper parallel jumpers.
